## OUR GINS

50ml

### **Beefeater 24** £8.50

Japanese Sencha and Chinese Green teas along with 12 hand-selected botanicals are used to create the unique profile of this gin. The nose is intensely fragrant with lime, grapefruit, coriander and juniper aromas; the palate is dry and crisp with citrus and floral flavours layered and repeating on a long/elegant finish.

### **Bull dog** £8.50

A delicious English gin made with poppy, dragon eye, lotus leaves, citrus, almond, lavender and various other botanicals (12 in total). This is four times distilled in copper pot stills.

### **City of London Old tom** £10.50

With a distinctive juniper and citrus aroma with subtle notes of caramel, the well-rounded amalgamation of juniper, coriander, nutty angelica root and just a hint of sweetness bring out this gin's wonderful citrus flavours.

### **Colonel Fox's London Dry Gin** £8.50

Clean, elegant and juniper driven on the nose with underlying fresh citrus notes. Fruity and well balanced in the mouth with an initial sweetness that follows through to a luscious mid-palate before finishing long and focussed. Nicely styled with interest and versatility.

### **Elephant Gin** £12.50

Elephant Gin is distilled using 14 botanicals, including rare African ingredients, to create the Gin's distinctive flavour profile: The Gin's distinct nose first yields a subtle juniper aroma, with an undertone of mountain pine and other herbaceous notes. The taste is complex but strikingly smooth, encompassing floral, fruity and spicy flavours.

### **Gin Mare** £9.50

Clear scents of woody herbs and citrus, with a subtle sweetness. It tastes spicy at first then mellows, with an exponentially long, soft finish when the olives really come through. So smooth and rounded! It's herby and complex, at the same time as being gentle and fragrant.

### **Hendricks** £8.00

Handcrafted in Scotland, using the highest quality neutral grain spirit distilled through two different types of still for a unique blend of floral notes and depth of character taking from eleven different botanicals and a delightfully peculiar infusion of rose petals and most unusually, cucumber.

### **Martin Millers** £8.50

Distilled in pot stills and shipped to Iceland, where it is mixed with Icelandic spring water. It is flavoured with Tuscan juniper, cassia bark, angelica, Florentine orris, coriander, Seville citrus peel, nutmeg, cinnamon and liquorice root.

### **Monkey 47** £12.00

Predictably complex, this is a robust and powerful gin with plenty of spice, fruit and herb flavours. It's very well structured, and difficult to unpick but a citrus fresh start segues into pine and wood notes for a drying finish.

### **Pink Pepper** £9.00

Made with hand-picked pink peppercorns and a handful of other tasty botanicals (including honey, vanilla and cardamom - all of which are macerated separately then distilled under low pressure and temperature). You'll find a good juxtaposition between sweet and spicy notes.

### **Plymouth** £7.50

Less crisp flavour than the much more commonly available London Dry Gins on the market today. This flavour is the result of a higher than usual proportion of root ingredients, which bring a more earthy feel to the gin as well as a smoother juniper hit. Once the citrus and coriander dissipates, liquorice and angelica dominate the palate long after the gin has gone in what is an unusually long finish for a gin.

### **Sacred** £9.00

A hand-crafted gin distilled under vacuum which gives a fresher, cleaner style. Flavoured with 12 botanicals including cardamom, fresh cut orange, lime and lemon and distilled frankincense (boswellia sacra) which gives this remarkable gin its name.

### **Silent Pool** £10.00

Beautiful and complex, with deep layers of floral chamomile and lavender, Kaffir lime leaf and citrus, sweet honey and elderflower, and earthy cubeb and cassia bark.

### **Sipsmith** £9.50

Gentle mouth feel, with initial dry juniper joined by growing sweetness, showing lemon tart & orange marmalade, garnished by a wave of fresh lemon zest, followed by bolder juniper & light dryness, before all the flavours harmonise into one integrated taste.

Straws available at the counter.

25ml measurements available.
